

### Early Literacy Programme Teacher Kit

Since 2005, Wordworks has been helping young children to learn to read and write through a volunteer-driven Early Literacy Programme (ELP). We have taken ideas and resources from the volunteer programme to develop a kit for teachers and learning support teachers to use with small groups of children who need extra support with literacy and language.

Suitable for:

- Grade 1 and 2 children who need extra support with literacy and language
- Older children who have not yet acquired basic literacy skills
- Children who are literate in their home language and learning to speak, read and write in English as a second language.
- Contents: The Teacher Kit includes a set of guidelines, a story booklet, 12 sets of picture sequences, little books and games for building language and early literacy skills.

### Early Literacy Programme Assessment Kit

This kit provides an easy, clearly defined way to assess children's emergent literacy skills and progress in Grade R and Grade One. The assessment kit includes measures of letter-knowledge, awareness of sounds, emergent writing and word reading. Towards the end of Grade One, there are tasks that assess children's sentence and story writing. The kit includes a booklet of instructions and scoring guidelines as well as answer sheets and items for each activity. The test can be used in the middle and end of Grade R and at three points in Grade One: beginning, middle and end of the year. The test is available in English and Afrikaans.

#### A5 Black and white books

This beautifully illustrated set of six books offers practical ideas for supporting babies and young children's language development and early learning. The books cover the following topics:

- Book 1: Talk, play and sing (birth to 2 years)
- Book 2: Talk and sing (3 to 5 years)
- Book 3: Play (3 to 5 years)
- Book 4: Share books (birth to 5 years)
- Book 5: Drawing, mark making and writing (3 to 5 years)
- Book 6: Do maths everyday (3 to 5 years)

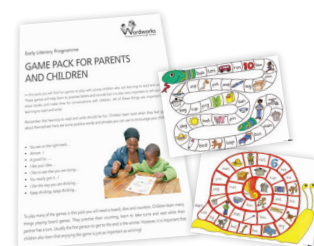

Parents can use the books to broaden their own knowledge. They can also be used to introduce new ideas and activities to those caring for young children. ECD practitioners and playgroup facilitators will find that the books strengthen their understanding of the need to include a strong language and early literacy focus in their work with very young children.

The six books come in an attractive box and are available in English, isiXhosa and Afrikaans.
