'I will fish with my tail'
said rabbit.

Rabbit shouted to monkey
'I have got a fish. Pull!'.

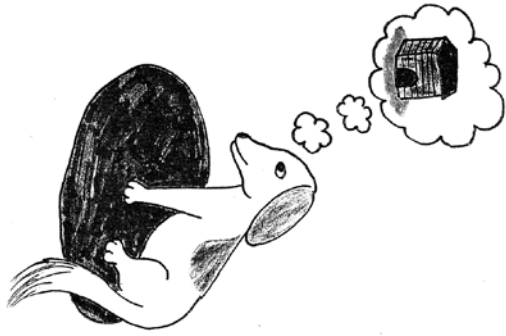

The fish was too big.
Rabbit's tail broke off and

A kennel for Socks

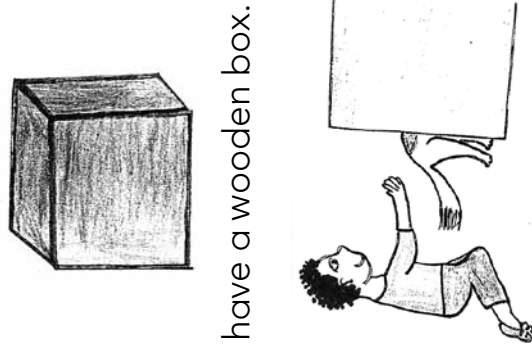

by Julia Bidoli

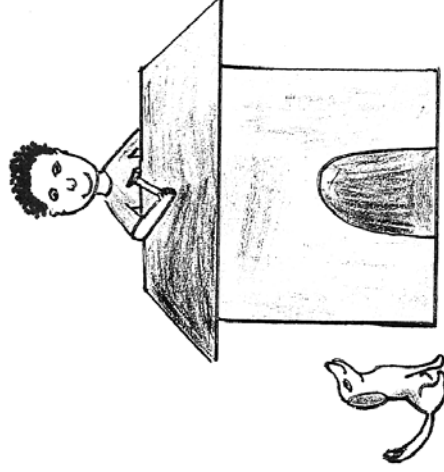

I will make him a kennel.

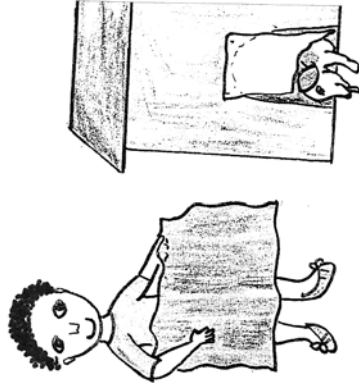

I have a wooden box.

I cut a hole in the box so Socks can go in.

I make a roof for Socks so he will not get wet when it rains.

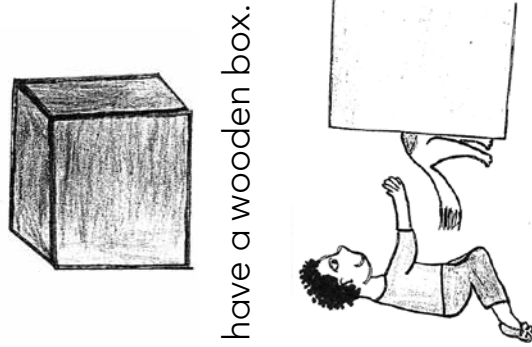

I put a flap over the hole.
